

Run a serious kennel.

Audited pedigrees, COI inbreeding warnings, integrated waitlist deposits, and Stripe Connect payouts — built for kennels that treat their breeding program like a business.

WHAT YOU GET

- **4-generation audited pedigrees** with automatic COI inbreeding warnings at every registration.
- **Breeding directory & matchmaker** — search compatible studs and dams across the registry.
- **Calendar auto-tracks** heats, breedings, and predicted whelp dates so you never miss a window.
- **Upcoming-litter listings** with Stripe Connect waitlist deposits — sell pups before they're born.
- **Live video tours** over Daily.co — close marketplace sales without travel.
- **Verified Seal medallion** after 7 verification checks — the trust badge buyers look for.
