

# Care for the dog you already have.

Dog Log is the daily care diary for owners who track everything. Meals, walks, weight, meds, vaccinations — all in one place. Smart symptom warnings flag patterns your vet should know about.

## WHAT YOU GET

- **Dog Log** — 10-category daily diary across meals, walks, weight, meds, training, play, drinks, symptoms.
- **Smart symptom warnings** flag repeat issues for vet review.
- **Calendar** of vet visits, training, vaccinations, and birthdays.
- **Sitter share link** in one tap — give a sitter access to your dog's care card without an account.
- **Vet Visit PDF** generator — one tap to export your dog's recent history for the vet.
- **Ownership history** stays with the dog — if you ever transfer, the new owner inherits the full record.
