

## List free. Get booked. Keep 88%.

Armstrong K9 Registry is the venue. You're the independent business. We send you booked customers, hold money in escrow while you work, and pay you out via Stripe Connect. No subscription, no listing fee, no exclusivity. **New for trainers: live 1-on-1 video sessions and pre-recorded video courses — sell your expertise online too.**

### WHAT YOU GET

- **Free to list, free to use.** No subscription, no listing fee. The 12% platform fee is deducted from the customer's payment — never billed to you.
- **Customers find you on /find-pros** and book in three taps. They filter by distance, price, trade, breed experience, and the trust badges you've earned. More badges = higher rank = more bookings.
- **Single & recurring bookings.** Lock in a weekly client for up to 26 sessions with one consent — the system auto-charges 24h before each visit and pays you after each clears. Predictable revenue, zero collections work.
- **NEW — Live 1-on-1 video sessions (trainers).** Publish up to 3 packaged tiers (1-pack, 5-pack, 10-pack) at your own price + a weekly availability map. Buyers book a slot, pay through Stripe Connect, and a Daily.co video room is auto-provisioned with recording on. Replay link good for 30 days. 20% platform fee on the first \$5K/year per trainer, 10% thereafter.
- **NEW — Pre-recorded video courses (trainers).** Upload lessons once (mp4 up to 500 MB each), sell on a flat-fee basis (lifetime access for the buyer) or include with Buyer Pass (you earn \$0.40 per ≥30s lesson watch). Public catalog at /courses; payouts route through your existing Stripe Connect account.
- **Walkers & sitters: live GPS map.** When the owner opts in, share a live map during the walk straight from your phone. Owners love it; it lifts ratings. Sharing is your call each walk; nothing is stored past 24 hours.
- **Optional trust badges** — Identity (always), plus any of Background Check, Pet First Aid, Insurance, Breed-Specific Experience. Insurance is *strongly recommended* for trades where the dog leaves the owner's sight (walking, sitting, boarding), but is not required by Armstrong K9 Registry to list.
- **You're independent.** We're your venue, not your employer. You set prices, hours, area, methods, and cancellation policy. Disputes resolve by mutual consent or a published 30-day default-refund timeline — Armstrong administers the rails, not the merits.

### HOW IT WORKS

<b>01</b> <b>Apply free</b> <a href="https://armstrongk9registry.com/become-a-provider">armstrongk9registry.com/become-a-provider</a> — pick your trade, verify ID, link your Stripe Connect account so payouts route directly to your bank.	<b>02</b> <b>Publish your offerings</b> In-person services (pricing, duration, service-area ZIPs) and — for trainers — live-session tiers at /me/trainer-learning and pre-recorded courses.	<b>03</b> <b>Take bookings</b> Customers book directly through escrow. Stripe pays you out ~2 business days after each session or course sale clears.
